

Environmental Initiatives: Internal Efforts

Photon is committed to reducing our impact on the environment. These commitments are further outlined in company policies, such as our Corporate Environmental Policy.

The following environmental initiatives and commitments are outlined in our Corporate Environmental Policy. Photon is committed to the following:

- Comply with all applicable environmental regulations
- Prevent pollution whenever possible
- Train our staff on our environmental program and empower them to contribute and participate
- Communicate our environmental commitment and efforts to our customers, staff, and community
- Continuously improve over time by striving to measure our environmental impacts and setting goals to reduce these impacts each year
- Integrate energy and environmental considerations into the design of our new infrastructural facilities.
- Improve operation efficiency, especially for critical resources such as energy and water
- Reduce carbon footprint through energy efficiency measures and increase the renewable energy component of our energy portfolio
- Preserve and enhance biodiversity on our campuses
- Strive toward “greening” our IT infrastructure and operations, including data centers
- Ardently promote “green procurement”
